# FRZ PRO FOLDING RESCUE TENTS

LANCO folding rescue tent provide you with reliable support every day in your important tasks – developed and manufactured to the highest standards of quality and functionality. The FRZ tent can be configured to suit particular requirements; any number of FRZ foldable tents can be joined together using PU sealing strips and tent connection clamps.

## FRAME

The frame system is made of fully anodized aluminum square tubes with aluminum connectors and plastic sliders for less wear, long service life and high structural strength.

## TENT SKIN

All fabrics used are flame-retardant, waterproof and rot-resistant. Roof and side walls are made of one-sided PU-coated polyester fabric 550 dtex (240 g/m<sup>2</sup>). The mud flaps are made of two-side PVC-coated polyester fabric, are easy to clean, impervious and can be used for ballasting the tent.
